

Color Palette

Rainbow + Black

See rose on right - lots of pinks and oranges, deep blue, chartreuse

Inspiration

- The LGBTQ+ rainbow
- Michael Doig's graffiti art

General Concerns

Love the PLUR aspects of rave culture but don't need to play into the drugs

Avoiding cultural appropriation in fashion choices (ie decided against spirithoods)

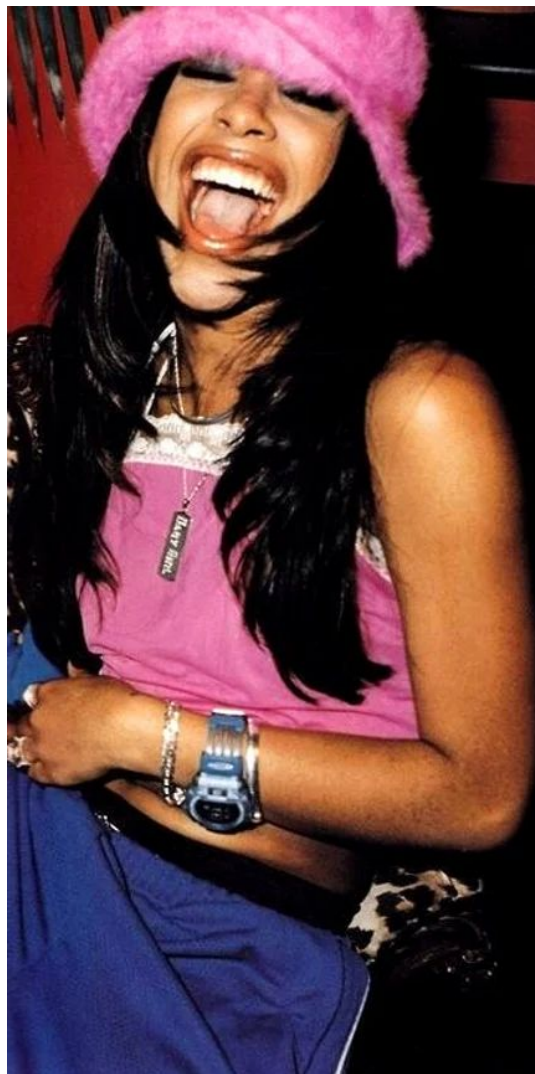

Costume changes - Orcus and Kalliope change on stage, other changes should have enough time, waiting to see how many people will play multiple roles based on auditions

Designs may also need to change based on what looks good on the actors body - we try to prioritize positive self-image

I focused mostly on shape in inspiration images. Colors will need to be adapted to fit the color palette.

Cost - Lonnie's budgeted at least \$500 for costumes, hair and makeup, but with a design heavy show we'll have to stretch
